Changes in the Departments That Will Occur.

NECESSARY BY NEW APPROPRIATIONS

Several in the State Department and Consular Service.

OTHERS NOT MUCH AFFECTED

WASHINGTON, D. C., June 23, 1893.

To whom it may concern: Notice is hereby given that the business relations heretofore existing between Henry B. Parker and the undersigned have this day terminated, and the said Henry B. Parker no longer has any connection with the business of the undersigned and is not authorized to act for them in any way whatsoever in relation to their affairs.

BUSHROD ROBINSON.

WILLIAM L. CHERY.

1200 to 1204 F st. n.w. The fiscal year beginning tomorrow will be marked at the State Department by a reduction in the salary of Assistant Secretary Quincy from \$4,500 to \$3,500, and in the salary of Chief Clerk Rockhill, from \$2,750 to \$2,500. These are the only changes in the DR. S. S. MOFFATT HAS RETURNED to his old office rooms at 719 11th st. n.w. Office hours: 8:30 to 10 a.m., 4 to 5 and 6 to 7 p.m. je30-0t\* appropriations for the department proper. There are several others, however, in the consular service. The offices of consul at Maracaibo (\$2,000) and consul at San Domingo (\$1,500) are abolished. The salary of the consul at Brunswick, Germany, is reduced from \$2,500 to pay the "few dollars more" that we charge. because garments of our build WEAR. to say nothing of their smart, genteel appearance, which distinguishes the wearer at a glance and proclaims him a "well-dressed" gardt, from \$2,000 to \$2,500; at Southampton, \$2,000, and of the consul at Havana, from from \$1,500 to \$2,500; at Tampico, from \$1,500 o \$2,000.

LITTLE CHANGE IN THE WAS DEPARTMENT. In the War Department there is very little change in the appropriations. Chief Clerk Tweedale suffers a reduction of \$250 a year in Tweedale suffers a reduction of \$250 a year in his salary. There is a decrease of \$5,000 in the appropriation for the pay of civilian employes of the medical and hospital department of the army, and an increase in the pay of first sergeants and sergeants in the army. The former will get \$25 instead of \$22 a month, and the latter will get \$18 instead of \$17 a month. A number of minor changes at the military academy will take effect tomorrow, including two or three appointments.

THE RECORD AND PENSION BURRAU. There is no change in the appropriations for the record and pension office. The force was reduced by five March 15 in order to allow an increase of four clerks in the in-spector general's department. There are a number of vacancies in the record and pension office, as a result of the accident at the Ford's Theater building, which will be filled by the civil service commission in course of time. The matter has not yet been seriously onsidered at the War Department.

A few reductions have been made in salaries

in the force of overseers, draughtsmen, labor-ers, &c., employed in the care and preservation of public buildings and grounds, by reason of the fact that the appropriation is \$2,000 less than that for this year. NAVAL APPROPRIATIONS PRACTICALLY UN-CHANGED. The appropriations for the naval establishment are practically unchanged. Provision is made for an increase of twenty-six appoint-

ments in the corps of engineers, and there is a reduction of \$800 in the appropriation for computers on piece work in the nautical DON'T DECLINE, BUT ACCEPTS.

Mr. Maurice J. Power, who was appointed shipping commissioner in New York, is in the city. This morning he saw Assistant Secretary Curtis. The statement has been published that Mr. Power is here to refuse the appointment. In an interview Mr. Power denies that he has SUMMER COMPLAINTS.

Are you troubled with summer complaints, bowel affections, &c.? If so,

Cordials. declined the office. "On the contrary," said Mr. Power, "I accepted it and was to have entered upon the duties of the office on the 1st of July. Since then some matters have arisen which necessitated my seeing the Secretary of the Tressury on the subject. I have not seen him yet, but expect to tomorrow."

THE SEGMENTAL WIRE GUN.

The Brown segmental wire gun has under gone a severe test at the hands of army ordnance officers at the Sandy Hook proving sul of the republic of Colombia at Norfolk, Va.; grounds during the past ten days, and so far as known the results of the firing have been satisfactory. On two occasions pressures of over Salvador F. Maillefert, consul of the United Salvador F. Maill 70,000 pounds per square inch were obtained without the slightest injury being caused to the gun. The initial velocities registered on the two firings were, respectively, 2,250 and 2,800

feet per second.

These velocities are high when compared with
the velocities obtained from steel built-up

the velocities obtained from steel built-up rifles. The Brown segmental wire gun is what, in artillery parlance, is called a "high powder pressure gun," and up to date no powder has been manufactured suitable for it.

The regulation ten-inch gunpowder gave in the Brown five-inch gun an initial velocity of 2,250 feet per second. The pressure recorded in obtaining this velocity was only 33,400 pounds per square inch. As the Brown gun has demonstrated its ability to withstand a pressure of double that, it is obvious that, with a suitable powder, an initial velocity approaching close to 3,000 feet per second should be ob-TYPEWRITER— DENSMORE.

The latest machine is the "Densmore;" it is also the best and the cheapest for its quality of work and construction. Its manufacturers are the pioneers in typewriting—and they know typewriting from A to Z—they have put all they know into the "Densmore." Look it over. We are sole D. C. agents.

COLUMBIA PHONOGRAPH CO., 627 E st. n.w. E. D. EASTON, Pres. [1830] R. F. CROMELIN, Sec. ing close to 3,000 feet per second should be obtained. A-3,000-foot-per-second velocity would The fact that to date the breech system of the Brown gun has given no trouble is said to be something of a surprise to the ordnance experts at Sandy Hook. Many American and foreign officers of artillery prominence have believed from the first that the Brown block would jam

The special naval board, to which was referred the proposals recently received by the department for the construction of a submarine boat for the use of the navy, has completed its work and submitted its report to Secretary Ladies' Fine English Split Straw
Sailors, \$2 and \$2.50.

WILLETT & RUOFF, "Dunlop Hate,"
905 PA. AVE. N.W.

The case of Pay Inspector Stevenson is again before the President for the third time. This officer has undergone three examinations for promotion and each time a majority of the examining board has reported in his favor. In the two previous cases the President disapproved the reports of the boards and ordered

It has been considered necessary at the War Clarke of the tenth cavalry on account of certain magazine articles written by him, containarmy. Lieut. Clarke in his articles expressed the opinion that there was too much dead wood in the army among the older officers and that they could be weeded out without detriment to senior officers could not ride horseback. Secretary Herbert has prepared the case of The new steamer Pocahontas, which is to run on the James river, arrived at Fort Monroe from Wilmington, Del., today. She was joined there by a party from Norfolk, who will make a trip to Richmond on her.

General land omce—Appointments: Water B. McNeel of Nebraska, examiner of Chippewa Indian lands in Minnesota, \$6 a day; Homer Guerry of Georgia, clerk, \$1,800; Samuel A. Moreland of Georgia, clerk, \$1,400; Charles enjoys the distinction of not having been to sea for the past eighteen years.

NO TRUTH IN THE STORY That Clerks in the Record and Pension Di-

vision Could Not Use the Elevator. Mr. Brown, chief of the branch of the office building, has reported to the War Department that there is no truth in the report that clerks are not allowed to use the elevator after 9 o'clock in the morning. He said that about a week ago he was standing near the THE FORMER REPEATS HIS STATEMENT. elevator at ten minutes after 9 o'clock, when number of clerks came up and he told the elevator boy that he had better not bring any more up just then. He adds that if any one walked up the stairs it was during the space of five minutes between ten and fifteen minutes after 9 o'clock on that particular morning—never before or since, as he said to the elevator boy a few minutes later, "Bring them up whenever they come and we will find some other way of determining the 'lates.'

THE POST OFFICE FOUNDATION.

Its Inspection Completed and the Reno Made by Mr. Clarke. Mr. John J. Clarke, who was recently ap-pointed inspector of public buildings, last night filed with the supervising architect's office his report on the condition of the foundation of the new city post office building, opposite THE STAR office. Mr. O'Rourke, the supervising architect, is out of the city, and in his absence Mr. Kemper, the chief clerk, refuses to allow the report to be published or even to divulge

The inspection was made on account of a number of complaints received by the office from men of acknowledged position as builders, claiming that the construction of the foundation was faulty and, too, for the reason that this portion of the work is about completed and an examination by the proper officials was necessary before further contracts could be made. It is claimed that the fault in construction It is claimed that the fault in construction lies in the method used in piling. A portion of the piles are said to be above low water mark, and on account of the cement covering are hermeti-cally sealed. The effect of this would be to leave the piles wet during one part of the year and dry the other, a condition which is conducive to rotting.

THE FISCAL YEAR ACCOUNTS.

There Will Probably Be a Surplus of Tw Treasury officials are deep in the mysterie of figures today, closing up the vast money ac counts of the government for the fiscal year 1892-98. The figures, which will be officially proclaimed tomorrow, will show in round numbers that the total receipts for the year have aggregated \$385,000.000, while the expenditures will foot up \$383,000,000, leaving a surplus of receipts above expenditures of \$2,000,000. This was the estimate submitted by Secretary Foster to Congress as the probable surplus for the fiscal year closed today, and results prove it to have been prophetically ac results prove it to nave been prophetically accurate. In this estimate, however, Mr. Foster did not take into account the payment of the Cherokee Indian claim of \$3,000,000. Had not this been paid the receipts would have been \$5,000,000 in excess of the expenditures.

WIRES TO BE STRUNG. The War Department to Have a Special Line

to Fort Myer. Gen. Schofield has settled the trouble with respect to telephonic communication between the telephone line between the two points in quesphonic connection with the military post, caused by the presence of the trolley wire of the Washington and Arlington railroad, will be avoided in the case of the proposed military line by an arrangement of metallic circuits. propose to remain much longer without means for prompt and reliable communication with Fort Myer, as there is no telling when an occasion might arise for a hasty summons of troops to Washington.

The President has recognized Carlos Rohl as consul general of the Argentine Republic in the United States of America, Hugo Arnal, con-

#### FOR BRUTAL MURDER

record and pension office using the city post Execution of Pinkney and Barber at Marlboro'.

He Declares That He Alone Committed the Deed.

LAST NIGHT IN THE JAIL

cial to The Evening Star. MARLBORO', MD., June 80 .- William Pinkney and Daniel Barber paid the penalty on the Bowie. The trap, fell at 10:26 and the men were pronounced dead in eight minutes. Their necks were broken. Mr. Benjamin H. C. Bowie, brother of the murdered man, witnessed the execution.

Long before the hour of the execution the streets were thronged with persons, who awaited with eager anticipation the enactment of the last chapter of the tragedy. Rev. Father Hughes returned to Anacos

last evening and this morning about 7 o'clock Rev. Father Cunnane of St. Mary's Church of Marlboro' and Rev. Father Noel of White Marsh, formerly of St. Aloysius Church, Washington, appeared at the prison and spent fully thirty minutes with the condemned men. To them they administered the holy sacrament which was accepted by the men, who had be come thoroughly aware of the fate that awaited them and who were earnestly endeavoring to prepare themselves for it.

"The men thoroughly realize their situa tion," said Father Noel, when he came out of the prison. "They are both holding up well, although Pinkney has weakened somewhat, as though he had undergone a complete change."

SPECIALS SWORN IN. Four officers were sworn in this morning by Dr. James E. Sears, who is a justice of the peace. The men were appointed at a meeting peace. The men were appointed at a meeting of the town commissioners held last night for that purpose. They were John B. Jones, John F. Martin, John Mullikin and Robert L. Wells. Town Bailiff Samuel Sweeney took charge of the temporary officers and assigned them to duty as peace officers outside the jail inclosure. In addition to these peace officers Sheriff Middleton and Deputy Sheriff Dove had forty deputies sworn in to act in case of trouble, which, however, was not thought would happen. Just before 8 o'clock breakfast was serve

Just before 8 o'clock breakfast was served the condemned men. The prisoners ate with apparent relish some corned shad broiled, soft-boiled eggs and toast with a cup of hot coffee. While the condemned men were eating breakfast Sheriff Middleton and Guards H. H. Smith and Edw. Burke of the Washington jall were arranging the ropes on the scaffold. SPECULATORS BUSY.

On the north side of the jail yard coats on the roof of a stable were sold at \$1 each, while on the south side of the inclosure a crowd of men Myer, Va beautic retarred to in Tun Stan by arranging with the chief signal officer of Sheriff Middleton finally determined that the

> It was 10:18 o'clock when the party marched up the scaffold. The arms of the condemned men had been tied and the party was led by Sheriff Middleton.

Sheriff Middleton.

Deputy Sheriff Dove, Guard H. H. Smith of the Washington jail, A. J. Suit and ex-Sheriff Darnall were in the party.

There was a bad "break" in the proceedings after the men had ascended the scaffold. Arthur Suit and H. H. Smith pinioned them, while Edw. Burke and ex-Sheriff Darnall adjusted the nooses. The black caps were drawn and all was ready for the tran to be sprung, when all was ready for the trap to be sprung, when some one remembered that there were speeches to be made by the condemned men. Then the

glad to see you all here. I didn't do the murfor the killing of Mr. Bowie, but I wasn't there for the killing of Mr. Bowie, but I wasn't there, and there wasn't no other white man there. I hope the Lord will have mercy on my soul, and I also hope he will remember you all."

Pinkney, who seemed to be somewhat weakened by the terrible ordeal through which he had passed, said: "I want to meet my God and I think I will meet Him. I am guilty of killing Mr. Bowie. I alone killed him and no other man was there. No white man had anything to do with it. I was persuaded into this crime by do with it. I was persuaded into this crime by the man who stands beside me, and if it had

been here today.
"May the Lord have mercy on the world and The nooses were again put in position, the black caps adjusted and at exactly 10:26 o'clock

Sheriff Middleton removed his handkerchief

Sheriff Middleton removed his handkerchief from his pocket to signal readiness.

The bolt, which was in sight of the large audience, was pulled out and the two men were dangling in the air.

Just then the bell on the court house signaled the event by a single ring.

In eight minutes Dr. Griffith pronounced the men dead and twenty minutes after the drop fell the bodies were taken down and turned over to Undertaker Hough. The necks of the men were broken. With the exception of the delay, which was not the fault of the sheriff, the execution was perfect in every respect. Besides the sworn deputies less than twenty tickets of admission were given. admission were given. THE BODIES BURIED.

Undertaker Hough put the bodies in th coffins and drove with them to Mount Carmel The three priests were thoroughly satisfied with the arrangements and the results, and they thanked Sheriff Middleton and also congratu-After the execution the crowd from the sur-rounding hills gathered about the front of the jail discussing the affair, more than half the persons in the crowd being colored and many

HOW THE NIGHT PASSED.

MARLBORO', MD., June 30.-Everything in town was quiet last night and there were perdetailed as assistant chief of same. Transfer: of beer was delivered to the saloons here, and Sheriff Dove and several other sworn deputies were getting everything in readiness for the enactment of the last chapter of the tragedy which has attracted universal attention for more than three worths.

Just before sundown many citizens, report-

#### THE BUSCH BUILDING. Clerks Have a Holiday While It is Bein

The clerks in the sixth auditor's office occu pying the Busch building, on E street opposite The University Boat Race Rowed at the Post Office Department, had a holiday to day, as the preliminary steps were taken toward strengthening that building and making it more secure. The heavy iron file cases which have been stored on the upper floors, and which are thought to have contributed largely to the unsafe condition of the structure, are being removed and will be stored in the basement of the new quarters now occupied by the city post office.

The building is to be strengthened by shoring The building is to be strengthened by shoring up the weak spots with iron columns, braces, &c. This work will cost \$4,200, according to the bid of Frank N. Carver, whose bid was the lowest of all those tendered in response to the advertisement of the supervising architect of the Treasury Department for proposals to do the work.

The contract has not yet been signed, how ever, as there has been a question as to who should pay for the work. As the building is leased by the government from private individuals it was contended that the owners should foot the bill, but they demured and considerable correspondence has enough. considerable correspondence has ensued.

It is said that the government will insist upon the owners paying the bill and that the work will go forward seem

VETERANS AND GETTYSBURG.

The President Suggests Individual Applications for Leave of Absence. Dr. James E. Dexter of the Second and Third ArmyCorps Association has received a letter from Mr. Thurber, the President's private secretary, acknowledging the receipt of his letter requesting "that persons now employed in the govern-ment offices and establishments in this city who were participants in the battle of Gettysburg may be excused from attendance upon their duties on Monday, the 8d proximo, for the purpose of enabling them to be present at the re-

Mr. Thurber says that "it seems to the Presi dent that the best way to arrange this matter will be for each one who participated in the battle and who is interested in attending the

TEYON AND HEENDON.

Both Went Down, Although They Could Have Saved Themselves.

Vice Admiral Tryon of the Victoria lost his life by refusing to leave the bridge, even after he had abandoned all hope of saving his ship. He sotion has been compared to the conduct of Gen. George A. Ouster at the Big Horn disaster. According to now generally accepted of Gen. George A. Ouster at the Big Horn disaster. According to now generally accepted facts, an opportunity was offered Custer by a government Indian scout to cut his way out. Custer refused the proffered Brule blanket and he had-dress and remained to die with his men.

Instances are many in the British navy, asys the New York Times. of captains of warships preferring to go down with their ships in preference to outliving them. It is an old practice in the British navy, and one which practically amounts to a rule, that the captain who loses a warship never obtains a second one. The belief among many American officers is that Tryon was fully imbned with the seaman's idea of the duty of a commander, and, knowing than hundreds of man were imprusoned below decks, and large, decided to go down with the ship so long was the seast side.

44 11:04 the start was made, Yale slightly

The Prevent that be met at 9 o'clock to make final arrangements.
